WHERE CAN YOU FIND THE RIGHT PEOPLE FOR THE JOB?

SGS

TECHNICAL STAFFING SERVICES FROM SGS

GLOBAL RECRUITMENT SOLUTIONS

In a world where demand for technical skills increasingly exceeds supply, technical staffing services from SGS, with over thirty-five years of recruitment experience, provide world-class recruitment solutions for our clients in the global oil, gas, petrochemical, construction and water utility industries.

Our recruitment teams are based in a number of key oil and gas regions of the world and operate an extensive candidate database using our network of over one thousand SGS offices around the globe.

The candidate database is carefully managed to provide up-to-date information on the best and most reliable engineering, technical and project support staff.

THE RIGHT PEOPLE FOR THE JOB

The skills of every candidate are assessed by SGS in order that they match our client requirements.

We keep up-to-date information on those individuals who have been highly rated by our clients, and we ensure that these are the candidates who are proposed first for new positions.

UNDERSTANDING THE GLOBAL INDUSTRIES

SGS offers our clients specialist recruitment expertise.

We employ technically qualified staff who bring with them an excellent understanding of our clients and candidates in the international oil, gas, petrochemical, construction and water utility industries.

UPHOLDING INTEGRITY

SGS has a global reputation for honest, fair and trustworthy behaviour in all our business activities with both our clients and candidates.

The cornerstone of this reputation is integrity.
